MissNowMrs.com is your easy online name change solution. Founded in 2006, we have helped over 75,000 brides simplify their transition from Miss to Mrs. We'd love to help you too! Step 1 After you create your account, you will be prompted to the Questions Page where you will be asked a series of general questions. Based on your initial answers, you will then be asked a few more state and form related questions. Step 2 Your answers to our questions will be used to auto-complete your Social Security, IRS 8822, U.S. Passport, USPS, State Driver's License and State Voter Registration forms as well as notification letters for all your creditors. As forms are completed you will have the opportunity to preview/proof them within your account. Step 3 Once you have proof read your forms, you may click on the Print button. Each form or letter prints out with a detailed filing instruction sheet. The instruction sheet includes the order of form submission, fees, required filing documents, office locations/addresses, as well as insider tips on how to file the easiest way possible
